## 2000 SMALL BUSINESS PROFILE:

### District of Columbia

#### Office of Advocacy

Small businesses in District of Columbia are essential to the state's fiscal well-being. They provide business opportunities to their communities and to diverse groups, and they bring innovative products and services to the marketplace. Not only do they create a wide variety of jobs for the employment sector, but they also keep the economy churning. This year's *2001 Small Business Profile* assembled by the U.S. Small Business Administration's Office of Advocacy depicts the vital role of small businesses in the state's economy.

**Number of Businesses.** There were 25,986 employer businesses in 1999; roughly 93.6 percent were small businesses (fewer than 500 employees). The number of employer businesses increased by 3.2 percent, and the number of self-employed increase by 7.7 percent in 1999. (Sources: U.S. Dept. of Labor, Employment and Training Administration; U.S. Dept. of Commerce, Bureau of the Census; U.S. Dept. of Labor, Bureau of Labor Statistics)

**Women-Owned Businesses.** Women owned 14,000 or 30.9 percent of businesses in 1997 and employed 17,320 people. (The data on women-owned firms are not comparable between 1997 and 1992, the previous year for which these data are available, since the 1997 data use a different receipt-size cutoff and include C corporations for the first time. Data on women-owned firms should not be aggregated across states as many firms are counted in more than one state. Firms were formerly classified as women-owned if women's share of ownership was 50 percent or more, but the 1997 data classify a firm as woman-owned if women's ownership share is 51 percent or more.) (Sources: U.S. Dept. of Labor, Bureau of Labor Statistics, U.S. Dept. of Commerce, Bureau of the Census)

**Minority-Owned Businesses.** Based on the latest available data from the Census Bureau, there were 2,200 Hispanic-owned firms; 10,900 Black-owned businesses; 2,400 Asian, Pacific Islander-owned firms; and 100 American Indian and Alaskan Native-owned businesses in 1997. (The data on minority-owned firms are not comparable between 1997 and 1992, the previous year for which these data are available, since the 1997 data use a different receipt-size cutoff and include C corporations for the first time. Data may not add to the total because an

owner may be a member of more than one minority group.) (Source: U.S. Dept. of Commerce, Bureau of the Census)

**Business Turnover.** There were 3,556 new employer firms in 1999, 0.7 percent more than the number created in 1998. In 1999, business bankruptcies totaled 81, a 8.0 percent decrease since 1998, while business terminations totaled 4,716, an increase of 40.4 percent from 1998. (Sources: U.S. Dept. of Labor, Employment and Training Administration; Administrative Office of the U.S. Courts; U.S. Dept. of Commerce, Bureau of the Census)

**Employment.** Small businesses with fewer than 500 employees numbered 15,359 in 1998, and employed 192,163 of the state's 402,070 total non-farm private sector workers. Small business employment accounted for 47.8 percent of the state's total employment (Table 1). (Source: U.S. Dept. of Commerce, Bureau of the Census, Statistics of U.S. Businesses)

**Small Business Income.** A partial measure of small business income, non-farm proprietors' income totaled \$2.6 billion—an increase of 6.0 percent from 2.5 billion in 1998. (Source: U.S. Dept. of Commerce)

**Finance.** The SBA's Office of Advocacy banking studies ranked the 6 banks in the state that filed "call reports" with federal banking regulators on the basis of dollar value, number, and percentage of small commercial loans under \$1 million outstanding on June 30, 1999. (See Table 2 for the top-ranking small-business-friendly banks.) Small businesses seeking loans should also consider lenders that participate in the SBA's preferred or certified loan programs; for a list of these lenders, call the Small Business Answer Desk at (800) 827-5722. Small businesses looking for qualified investors can also turn to the Access to Capital Electronic Network (ACE-Net).
